Portfolio: [cjpritch.github.io/carly-pritchard](https://cjpritch.github.io/carly-pritchard)

## SUMMARY

Enthusiastic web developer eager to contribute to team success through hard work, attention to detail, and excellent organizational skills. Motivated to learn, grow, and excel in future roles.

## TECHNICAL SKILLS

**Languages:** *HTML, CSS, Javascript*

**Technologies:** *Git, Github, Node.js, Express.js, MySQL*

**CSS Frameworks:** *Bootstrap, Materialize, Bulma*

**Concepts:** *MVC, OOP, REST APIs*

## PROJECTS

### The Whiskey Cabinet

*Made with HTML, CSS/Bulma, Javascript, MySQL, Express, Handlebars, Node, and Bcrypt.*

The Whiskey Cabinet is a simple, easy to use application that helps connect whiskey enthusiasts. When entering the website the user will be prompted to either login in, or create an account. After being logged in the user can browse all of the previously reviewed whiskeys. New reviews can also be added and will then be available to review.

**Deployment:** *[the-whiskey-cabinet.herokuapp.com](https://the-whiskey-cabinet.herokuapp.com)*

**GitHub:** *[github.com/cjpritch/the-whiskey-cabinet](https://github.com/cjpritch/the-whiskey-cabinet)*

### Trivia Trainer

*Made with HTML, CSS/Materialize, and Javascript.*

Trivia Trainer is an application that generates randomized trivia questions for the user based on their selections. The user has a choice of the number of trivia questions, category types, or even to randomly generate questions from every category. When the “start training” button is pressed, the questions associated with the user selections are displayed, along with a button to reveal the answer.

**Deployment:** *[cjpritch.github.io/trivia-trainer](https://cjpritch.github.io/trivia-trainer)*

**GitHub:** *[github.com/cjpritch/trivia-trainer](https://github.com/cjpritch/trivia-trainer)*

## EXPERIENCE

### **Optician**

*Koetting Eye Center / Brentwood, MO*

April 2021-Current

- Filed claims with vision and medical insurance companies to garner payment for optical services.
- Calibrated seg heights, vertex and pupillary distance and pantoscopic tilt to customize eyeglass orders and create perfect fit.
- Helped clients try on and select new frames and recommended lens options to meet specific needs.

### **Lead Optician**

*Appelman Eye Associates / St. Peters, MO*

September 2020-April 2021

- Managed optical department, in charge of frame buying for office inventory.
- Filed claims with vision and medical insurance companies to garner payment for optical services.
- Calibrated seg heights, vertex and pupillary distance and pantoscopic tilt to customize eyeglass orders and create perfect fit.
- Adjusted and repaired new and previously purchased frames to satisfy customer demands.

### **Public Safety Dispatcher**

*St. Louis County Police / St. Louis, MO*

September 2019-September 2020

- Received 911 and non-emergency calls and dispatched calls to appropriate agencies and officers on duty.
- Operated telephone and radio equipment to receive requests and reports from police officers, medical dispatch and firefighting crews.

### **Optician**

*Walmart Vision Center / Eureka, MO*

February 2016-September 2019

- Contacted patients when eyeglasses or contact lenses arrived in store and assisted with final fitting.
- Measured patients' faces for bridge, eye size and temple length to select comfortable frames.
- Instructed patients on proper insertion, removal and cleaning techniques for contact lenses.
- Managed check-in and check-out procedures, verified patient information and submitted lens orders.
- Completed field of vision, OCTs and pachymetry evaluations.
